

# Sprint 2 Report: Script Scribble

Team Name: Scribblers

Sprint Completion Date: 11/05/17

## *Actions to stop doing:*

The team should stop and take a pause with work before creating new material. The code needs to be tested and evaluated to see if we could reach our Sprint 3 and 4 goals.

## *Actions to start doing:*

The team should start working on the program output window. We should start to implement and update designs for blocks and characters into our code. We should test the code that we produce more.

## *Actions to keep doing:*

The team should continue to learn and utilize proper scrum practices. Keep regular attendance at meetings and communicate through slack. Avoid Flaccid Scrum.

## *Work completed/not completed:*

Completed:

1. As a user, I need to be able to make code.
  - a. [5] Make a block class
    - i. [1] Take in a picture
