

Sprint 1 Report: Script Scribble

Team Name: Scribblers

Sprint Completion Date: 10/22/17

Actions to stop doing:

The team should stop spending so much time on sprint planning and paperwork, and more time enacting proper engineering and coding practices. Prevent Flaccid Scrum.

Actions to start doing:

The team should start meeting with a TA regularly; this will help with getting a structured start to the coding phase of our application. The team should be more organized in assigning tasks to each team member and keeping these tasks updated in a scrum board through quick 10-15 minute daily scrum meetings.

Actions to keep doing:

The team should continue to learn and utilize proper scrum practices. Keep regular attendance at meetings and communicate through slack.

Work completed/not completed:

Completed: Design a basic UI Layout. Learning Android Studio.

Not Completed: NA

Work Completion rate: 100%
